NEW NATIONAL DICTIONARY.

In view of the many inaccuracies of the older lexicographers, as Webster, Worcester, and the compilers of the various encyclopædias in common use at the present day, and their violent partisan bias, prejudiced as they plainly are in favor of a metallic basis for currency, it has been found necessary to prepare and publish an entirely new national work, fully up to the times, and free from those foreign and antiquated ideas which have proved so much in the way of needed reforms. The work has not yet been completed, but is well under way and will be issued in time for the Fall campaign of the present year, and will, in our opinion, prove invaluable to those who may wish to discuss the financial problems which now agitate the public.

The following samples, selected almost at random, from advance sheets sent to us by the publishers, will give a good idea of the broad scope, immense learning and practical utility of the work:

COIN—n. Printed paper; paper money; irredeemable paper.

EXAMPLE—"The United States solemnly pledges its faith for the redemption of United States notes in coin"—*Act of March* 18, 1869. This word was formerly used in the sense of stamped metal, having an intrinsic value, and issued by the government as a guaranty of its weight, and purity, but in this sense it is now obsolete. All the older authorities as Webster, Worcester, etc., are erroneous and misleading For examples of the correct use of the word, see speeches of Willard, Field and other reformers.

COIN—v. t. To stamp, to print, to impress. As to coin paper money. [See authorities above cited.]

EXAMPLES—To coin newspapers; the lover coined a kiss upon the lips of his betrothed; the immense mill daily coins ten thousand yards of calico; the noble steed coined the earth with his feet.

CONTINENTAL—n. Currency formerly issued on the greenback plan, based on the faith and resources of the continent. The prototype of the proposed coin. The best currency the country has ever seen.

EXAMPLE.—"Not worth a continental"

MONOPOLY—n. Anything in which all are free to engage. A business open to all. The national banks of the United States are monopolies Farming, wood chopping, shoveling gravel, etc., are monopolies

Here again the all former standard authorities are grossly misleading, giving the word a signification exactly opposite its true sense

RESUMPTION—n Robbery; confiscation; supreme folly; madness; attempting impossibilities. As resumption of specie payments.

RESUME—v. t. To rob; to plunder; to confiscate.

EXAMPLES—The United States are about to resume specie payments The bank having temporarily suspended, has again resumed payment of its notes. The farmer has recov... his health and resumed his bus...

...OSPERITY—n. Running in... living beyond one's means; ...on; investing in unprofita... ...prises.

...ss—During the war our ...rosperity was unparalleled.

...MAN—n. A greenback ... one who misleads the ...eludes them with a fraud...ney; one that robs the ... thousand dollars that he ...e.

... that the foregoing extracts ...cient to satisfy all of the ...haracter of the work, and ... a hearty reception of the ... agents who will soon be ... to take orders.—*Marshall*

... IT WAS DECIDED.—A queer ...came lately before a French ...rt. A peasant had agreed to pay another 500 francs for a cow, and the purchaser placed on a bench 20 franc coins and a 100 franc bill. Before the seller could count the coin, the cow had made a snatch at the bill and swallowed it. The question was, who was to lose, and the Judge decided that the buyer, who had held the cow by a halter when it devoured the bill, had not taken proper precautions, and must pay it over again.

Martin Luther used to think that every man who wouldn't get drunk was a fool. There is where Martin's religion was slightly feeble.

A rich Belgian philanthropist recently gave the Government $100,000 to help educate the orphans of people killed in railroad accidents.

A seven-year old Chicago boy was so slightly bitten by a dog that the skin was barely broken A week afterward he died of hydrophobia.

A new kind of potato-bug has made its appearance in some parts of Michigan and some of the wise ones are predicting destruction to the whole potato crop.

The autocracy of a barber shop is as great as that of a church. A man cannot talk back while he is being shaved, no matter how much argument he hears on one side.

It is better to pre-empt a crack on the safe side of a fence around a ball ground, than to occupy a reserved seat in the grand stand among the bloated aristocrats and try to stop a foul with your nose. This is official.

"Put down that whisky!" shouted the temperance advocate, as he saw a fellow man standing at the bar with a glass to his lips And the man obeyed him He said, "All right—here she goes!" and down she went.

A distinguished Japanese traveler in this country writes home: "The chief branch of education of young men here is rowing. The people have large boat-houses called 'colleges,' and the principal of these are Yale and Harvard."

THERE is a clock at Worsley, Lord Ellesmere's seat in England, which at 1 o'clock always strikes 13. The reason is that one day the great English canal maker of the last century, the Duke of Bridgewater, to whom the estate belonged, found a number of mechanics in his employ idling about after 1, when they ought to have returned to their work. Inquiring the meaning of this, he was told that they had not heard the clock strike, it being much more easy to miss hearing the single stroke than half a dozen or so. The next day the clock struck 13, and has done so ever since.

"THE best way to prevent an Indian war," says the Pittsburg *Telegraph*, "is to kill all the Indians" Capital idea; but see here! they won't let us.—*Buffalo Express*.

DAILY NEVADA STATE JOURNAL

C. C. POWNING, EDITOR AND PROPRIETOR.

WEDNESDAY................JULY 3, 1878.

THE DAILY JOURNAL

Is the best daily paper published on the line of he Central Pacific Railroad, east of Sacramento, and having a general circulation throughout the State, it is especially valuable as an advertising medium.

THE DAILY AND WEEKLY JOURNAL

Have a combined circulation larger than that of any interior journal of Nevada, excepting those of the Comstock.

NEWS OF THE MORNING.

The President spends the Fourth at Wilkesbarre.

Potter's Committe is still at work. Reading letters seems to be about all they are doing.

The burning of the steamboat Capital City and an elevator at Memphis yesterday caused a loss of $200,000.

The Democratic Congressional Committee are greatly in need of funds to conduct the next campaign with.

The President is fully in accord with the Pacific Coast on the Chinese question. Sargent, Page and Davis had an interview with him on the subject.

The Secretary of the Navy will leave Washington next week on a tour of inspection of all the navy yards and stations on the Atlantic seaboard.

The books of the office of Comptroller of Currency show that during the fiscal year just ended 26 national banks were organized, with an aggregate capital of $2,900,000.

At 1:30 o'clock yesterday afternoon at Painsville, Ohio, an express messenger's bag, containing $21,000, was stolen, and as yet no clue as to the money or thieves has been found.

Harley Brown, the man arrested on suspicion of having willfully wrecked the express train near Claymont, Del., on Saturday night, by which four lives were lost, has confessed.

A gentleman who has just arrived at Canyon City, Ogn., from the Warm Springs Agency reports the Indians very much dissatisfied there, and that some are talking of joining the hostiles.

Leading Democrats now acknowledge having blundered in arraigning Secretary Sherman and General Noyes in name in the Potter resolutions. The failure of the case against Sherman is virtually admitted.

Turkey's representatives think they have been shabbily treated by the Peace Congress, and have telegraphed to Constantinople for orders to resist the dismemberment of Turkey and to withdraw from the Congress.

Secretary Evarts expresses himself as against Chinese immigration, and will instruct Minister Seward to discourage it. The Minister is in favor of Chinese, but the Secretary will give him no option in the matter.

News a week old from the Bear Paw mountains represents two gulches with gold and two mining districts organized with recorders. The last discovery is of placer mines, the bonanza yielding as much as $50 already. Nearly every man in Benton has gone out. It is a regular craze. There are men going up from the Hills.

BALTIMORE is prepared to crush its own mobs hereafter without calling upon the General Government for aid. The police force now numbers 500 men, and is armed with breechloaders. The Fifth Regiment is in a high state of discipline and efficiency. In order to ascertain how promptly the regiment could be called together Governor Carroll issued an order one day last week, at 11 o'clock, for an inspection and review that evening, and there was a full attendance at the parade. There are five Socialist clubs in the city with a total membership of 1,000 men.

BOULDS BAKER Monday refused to take the oath and testify before the Potter committee. His case will be referred to the District Attorney at Washington for his decision as to how the committee shall act in the matter.

A DISPATCH from Oregon says the Umatilla Indians have put their women and children on the reservation and joined the hostile Bannocks. The Indians have made an attack on Canyon City.

THE experts who inspected the Ophir express themselves well pleased at the prospects.

ARMY REORGANIZATION.

The committee to reorganize the army, with General Burnside at its head, has met and entered upon its duties. A Washington newspaper correspondent says it has divided its work under four heads, viz.: the staff, line, pay and stations. For these subjects a sub-committee has been appointed. Each member of the Commission has been requested to prepare a bill covering the subject of organization, to be submitted to the Commission and form the basis of its preliminary deliberations. It is proposed to conduct the labors of the Commission with as much secrecy as possible. Its meetings for the present will be held at Washington, but on the 22d of July the members will go to White Sulphur Springs.

The Ten Broeck-Mollie McCarthy Race.

Telegrams from the following places show the feeling about the greatest turf event of the season:

MEMPHIS, July 1.—Great interest is manifested throughout this section in the great race at Louisville. Many persons from Arkansas and Mississippi passed through here to-day to witness it, and large numbers leave here to morrow.

ST. LOUIS, July 1.—The race between Ten Broeck and Mollie McCarthy is exciting a good deal of interest here, and a large number of persons will go over and witness the contest. Pools are being sold here on the race. Ten Broeck has the call in betting circles so far, but the mare has many good friends.

LOUISVILLE, Kentucky, July 1—Strangers from all sections are arriving, and the corridors of the hotels are crowded. The races to-morrow promise to be very interesting, and the city is waking up to join in the Fourth of July race. Every accommodation has been provided for the strangers, and the largest crowd ever seen in America will greet Ten Broeck and Mollie McCarthy on Independence Day.

CHICAGO, July 1.—A party of prominent sporting men and hundreds of other citizens intend to visit Louisville July 4th, to see the race between Mollie McCarthy and Ten Broeck. Betting is about even, with a tendency to favor Ten Broeck.

SCORE ONE FOR SUTRO.—Some time ago Adolph Sutro closed a contract with Lykins & Co., of Dayton, to have his usual supply of wood taken out of the river. Lykins & Co. employed Chinamen. When Mr. Sutro returned from San Francisco he at once informed the contractors that they must discharge their Chinamen or he would annul the contract. The Chinamen were discharged and thirty white men put to work instead.

THE Turkish Sultan is grievously in want of money, and has great difficulty in even feeding his extensive household. Bakers, grocers and other tradesmen to whom he is already much in debt refuse further supplies without cash, and attempts to borrow, except in very small sums, have been without success.

MR. H. B. LOOMIS, the well known journalist, has succeeded Mr. Wells Drury as local editor of the Gold Hill *News*. Mr Drury preferred the foremanship of the *News* office, which place he will hereafter hold. Mr Loomis is one of the best newspaper writers in the State, and is a most affable and courteous gentleman.

THE order issued by the War Department authorizing military pursuit into Mexico of cattle thieves will be more vigorously enforced hereafter, irrespective of Mexican protests.

PEOPLE are flocking to Louisville, Kentucky, from all parts of the country to be present at the great race between Ten Broeck and Mollie McCarthy to-morrow.

PROBABLY no man entertained a more lively hatred for Prince Bismarck than the poor ex King of Hanover, who has just passed away, and who certainly must be regarded as very much of a victim to circumstances. On June 20, 1866, his entire army was taken by General Manteuffel, and not long afterward, the King's protestations notwithstanding, Hanover became a part of Prussia. The subsequent formation by the King of a Hanovarian legion, and other machinations against his enemy, led to his patrimonial possessions being sequestrated by Prussia. It is probable that his son, recognizing the folly of further antagonism to the inevitable, will give the required pledge to abstain from all attempts to foment hostility to Germany, and recover his Hanoverian estates and the compensation offered to his father by Germany. Herrenhausen, the beloved of George I and II, is now a palace of the German Viceroy. The late King left his son, born in 1845, and two daughters, both unmarried; one of them, was the inseparable and devoted companion of her blind father.

MRS. STOWE has managed to stow away $300,000 on "Uncle Tom's Cabin."

COMING CAMPAIGN IN THIS STATE.

In November the people of this State will be called upon to choose their officers for the ensuing four years. There are many reasons why the election this Fall will be of more than usual importance; many reasons why the people of this State, of both parties, should see that none be presented as candidates for State or county officers except those whose past life and intelligence shall be sure warrant for the honest and faithful discharge of their various duties and trusts.

There are elements in American society to-day which demand the serious consideration of every lover of his country, and sooner or later must receive the attention they now challenge. There is an uneasy feeling in the nation, a feeling of disgust and unrest. The spirit of communism in many parts of the country is assuming alarming significance, the large and increasing surplus of labor demanded employment, either natural or forced; the reckless administration of public and private trusts, which has been almost epidemic during the past few years; these, and many other matters demand the thoughtful consideration and earnest, united effort of all good men, that they be checked before disaster and ruin overtake alike the State and the nation.

Nevada has been in many respects more fortunate than many of her sister States. Our fields of enterprise have offered labor, at fair rates, to nearly all who have earnestly sought it, and the incendiary babblings of the demagogue Kearney and his followers have found no place among the industrious orderly people of Nevada. Our mines have been richly productive, and the present high credit of the State is but the fair reflection of the glistening streams of silver that for the past few years, have been flowing into the State Treasury. But what certainty have we that this will continue during the next four years? Many mining towns and camps that one year ago gave promise, have disappointed eager hopes, and when our mining industry droops all other industries fail with it. Although the great bonanzas still yield abundantly, yet one can not but expect that the time will come, possibly in the near future, when they also will fail, and we must find other sources of State revenue and other fields for private enterprise. Great changes, both social and financial, may be expected to occur within the next four years. To meet these changes, and the different condition of things attendant thereon, we need, and the State requires as its Chief Executive, and in all its various offices, the best and wisest men within our borders, and we hope and trust that only such will be chosen by the Republican Convention for those positions Within the ranks of the Republican party can be found many whose personal and public integrity is above suspicion; men who would be jealous of the good name of the State and of their own fair fame; men whose intelligence would lift them above the possibility of their being hoodwinked by cunning advisers, and knowing for themselves what the interests of the State require, would see to it that those interests were guarded and protected. We express no preference at present, for any of the parties thus far named for the various State offices. Many of them are excellent—some of them quite the contrary; but what we do ask of the Republican Convention is, that, rising above all local or personal considerations, it gives to us as standard bearers in the coming campaign men whose intelligence and patriotism shall be of that high order that they can serve the State wisely, and whose honor and integrity shall be a sure guaranty to the people that their hopes will not be disappointed.—*Eureka Leader*.

CORD WOOD FROM RENO BY OX TEAMS.—Miles Finlen has purchased a lot of cord wood at Reno, which he will haul here by oxen. The first load, drawn by eight yoke of oxen, arrived here yesterday afternoon, and caused considerable astonishment as it came along C street. Finlen says that it costs him $1 less per cord to get it here in that way than by railroad.—*Virginia Chronicle*, 1st.

SANFORD'S RADICAL CURE For CATARRH

INSTANTLY RELIEVES.

6,000 FEET ABOVE THE SEA.

The following testimonials are from Messrs. J. O. Bosworth & Co., Denver, Col., large and influential druggists. They report unprecedentedly large sales and universal satisfaction. No other disease is so alarmingly prevalent in that region. They speak of the following gentlemen as among their best citizens:

SORELY AFFLICTED.

J. O. Bosworth & Co., Denver, Col.: Gentlemen.—Prompted by a fellow-feeling for those afflicted with Catarrh, I wish to add my testimony in behalf of SANFORD'S RADICAL CURE FOR CATARRH. I have been sorely afflicted with this fearful disease for four years, and have tried every known remedy without avail, until I bought a bottle of the above CURE from you, which gave me almost instant relief. It being a constitutional as well as a local remedy, I believe it to be all that is claimed for it, a Radical Cure for Catarrh.

Very truly yours, WM. AMPTIVE, Denver, Sept. 28, 1875. with Jenson, Bliss & Co.

GREATLY AFFLICTED.

Messrs. J. O. Bosworth & Co., Denver: Gentlemen,—I take pleasure in recommending SANFORD'S RADICAL CURE FOR CATARRH to all who are afflicted with this disease. I was greatly afflicted with it for a long time, and cured it with two bottles of the above CURE. About a year afterwards I was again taken with Catarrh quite severely, and immediately sent for another bottle, which fixed me all right, giving me relief from the first dose. I am confident that this remedy will do all that is claimed for it, and more too. Wishing you success in its introduction, I am very truly yours,

A. W. SMITH, of Smith & Doll. Denver, Oct. 4, 1875.

TRIED EVERYTHING.

Messrs. J. O. Bosworth & Co., Denver, Col.: Gentlemen,—I have used SANFORD'S RADICAL CURE FOR CATARRH, and it has given perfect satisfaction. I have tried almost everything, and it is the only thing that has given me relief. I therefore take pleasure in recommending its use to all afflicted with Catarrh of any kind, and offer this as my testimony to its benefits.

Very truly, W. S. DECKER. Denver, Oct. 1, 1875.

REV. J. H. WIGGIN SAYS:

One of the best remedies for Catarrh, nay, the best remedy we have found in a lifetime of suffering, is SANFORD'S RADICAL CURE. It is not unpleasant to take through the nostrils and there comes with each bottle a small glass tube for use in inhalation. It clears the head and throat so thoroughly that, taken each morning on rising, there are no unpleasant secretions and no disagreeable hawking during the entire day, but an unprecedented clearness of voice and respiratory organs.—*Rev. J. H. Wiggin, in Dorchester (Mass.) Beacon.*

Each package contains Dr Sanford's Improved Inhaling Tube, with full directions for use in all cases. Price, $1.00. For sale by all Wholesale and Retail Druggists and Dealers throughout the United States and Canadas. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

The Bannocks.

W. L. Crutcher, who arrived in town yesterday from Piute Valley in the northern part of Humboldt county, informs us that his brother E. W. Crutcher left the Dalles in Oregon several weeks ago with about three thousand head of cattle en route for his ranch in Humboldt county, and has not been heard from since. As his route lay direct through the country where the Bannock Indians have been committing their depredations, it is feared that he has been foully dealt with. Having such a large band of cattle, it would be an inducement for the Indians to attack him, and they would not stop short of murdering the men in charge in order to procure the cattle.

Has No. 2 Disbanded.

A meeting was called for a few evenings since to consider the question of disbanding the company. Only four assembled and they decided to disband. Many of the members insist that the company is not disbanded, because there was not a quorum present. At the meeting held by No. 1 Monday night no action was taken in regard to the hand engine, as they preferred waiting conclusive action on the part of No. 2.

Bullion.

Last evening the following shipments of bullion were made from the Comstock: 32 bars California, valued at $155,266 17; 30 Con. Virginia, $139,734 52.

The following gentlemen are published as the officers of the ball at the Opera House to-morrow evening: Floor Manager, R. P. M. Kelly; Assistants, M. J. Smith, H B. Mixson, Isaac Chamberlain; Reception Committee, M Parish, J. Quinn, S F. Gibson, M Nathan, F. J. Winchell, Mr. Chas. Knust, Thos. Barrett.

Dr. Hogan has some fruit trees on his lot on Center street that are a sight to behold. Plums and apples are as thick and fine as they have them in California. Of currants and vegetables he also has a quantity. Plenty of water is the cause.

The fare to Carson and return on the 4th will be $2. On the 5th and 6th it will be $1 50 for the round trip, for the convenience of all who desire to attend the races. Cheap enough.

Pedigree of Mollie McCarthy.

The *Enterprise* is indebted to John Ker, late of Liverpool, England, for the following pedigree of Mollie McCarthy: The sire of Mollie McCarthy was Monday, son of Colton and the ever memorable Mollie Jackson, by Vandal. Colton was by Lexington, out of Topaz, by Glencoe. Hennie Farrow, the dam of Mollie McCarthy, was by Shamrock, and it is doubtful if there ever was a better bred horse imported to America. Hennie Farrow was bred by the late Abner Turner, of Nashville, Tennessee. Her dam was Lila, by imported Belshazzar, out of Madame Bosley. The year after Hennie Farrow produced Mollie McCarthy, she threw to Norfolk a bay colt called Ralston, who was said to excel Mollie in speed, but he broke down on entering his three-year-old form, and was sold and exported to Japan.

The Picnic Excursion.

To-morrow morning at 8 o'clock the excursion train will leave for Carson. Four cars have already been engaged, and more can be had if needed. The Methodist Sunday School scholars are to meet at the church at the ringing of the bell. They will then fall into line and march to the depot headed by the Reno Brass Band. The train will leave the picnic grounds at 6 o'clock P. M., and not at 5, as stated on the posters. This will give an hour more at Carson and still enable the little folks to get home before dark. A telegram from E. Niles yesterday stated that no reduction would be made on any other trains, so no doubt this train will be well filled. The Carson folks are making extensive preparations to celebrate the 4th, and no doubt will add to the attractions of the excursion itself. Tickets, round trip, $2; children under 16, half price.

Ah Chouey Sentenced.

Judge Wright yesterday sentenced Ah Chouey to be hanged on the 31st July. The motions of his attorneys for a new trial and arrest of judgment were denied. The case will now be appealed to the Supreme Court.

50 Jones & Kinkead.

Hon. Wm. Thompson gives 50 shares of Jones & Kinkead to the best lady rider at the coming State Fair; provided, she must be a resident of this State and unmarried. The stock is liable to be worth $1,000 by that time.

No Dance.

Louis Dean desires us to say that the dance announced to come off at Glendale on the 4th will not take place. The grounds, however, are open to any who may desire to spend a few hours in this quiet country retreat.

Persons who give a careless glance at a huge circus poster or a theatrical gutter snipe probably do not think of the extent of the business of bill-posting. Yet in New York City one firm does an annual business of $80,000, while the National Association of Bill Posters includes 2,000 members, representing a capital of over $1,500,000. Bill posting has grown to its present dimensions chiefly within the past twenty years until now thousands of dollars are paid by firms in New York and other cities for the rental of dead walls, fences and other conspicuous places. Yet as an advertising medium bill posting is confined almost wholly to theaters, circuses and patent medicines, and even these find their best hold in the newspaper, which catches the eye in moments of ease and leisure, and not while a car is being whirled rapidly by a dead fence or a dirty gutter.

Cohn & Isaacs, next door to the Postoffice, have just received a large stock of Spring clothing of the latest styles and finest make and material. Those who want anything in the clothing line will do well to call on them and get that which is in the fashion. They have business suits in endless variety and at prices to suit all purses, and their dress suits are as fine as though made to order; a man in one of them might easily be mistaken for a French count. In the way of underwear, white shirts, neckties and all the little articles required to make up a complete rig, they are able to fit out an army. They sell everything at prices to suit the times, and have been so long in business that they know exactly what will please our people, both in price and the quality of goods furnished. *
